

Army Says Red Spy Ring May Be At Work In Big Capitals

Washington, Feb. 10 (AP) — The army warned today that remnants of a fabulous Russian spy ring that operated in Japan with perhaps the greatest daring and success in history may be at work in world capitals "at this very moment."

There is that fleeting hint at a present-day menace in the story of an espionage network so bold it slipped from the Japanese cabinet and German embassy in Tokyo secrets that helped change the course of the war.

And there is another hint in a suggestion that the operator who tapped out coded messages on a secret radio might now be busy in some other country.

The army snipped out parts of a 32,000-word report on the ring that Gen. Douglas MacArthur sent over from Tokyo. It gave "security reasons."

Some members of the House Un-American Activities Committee are interested.

An Amazing Tale

The now-it-can-be-told parts of the report unfold an amazing tale centering around:

Richard Sorge, a German Communist and master spy.

Ozaki Hozumi, his second in command and a Japanese traitor.

Agnes Smedley, American author, accused of still being a Soviet spy. She denies it.

Sorge was on intimate terms with German Ambassador Ott, Ozaki with Japanese Premier Kono, and from these "perfect," unsuspecting sources they extracted information of "incalculable" value.

A month ahead of time, the ring sounded an alarm that Germany would attack Russia.

It supplied the vital assurance that Japan would not pounce on Russia. So the Soviets felt safe in pulling troops from Siberia and

29 Trains Are Stalled; Food, Fuel Shortages Acute In West

(By The Associated Press) — Food and fuel shortages became critical in some communities in the snow-locked western states today as weary rescue crews battled new wind and snow storms.

Human suffering mounted. Emergency measures were stepped up to rescue hundreds reported isolated — some for weeks.

Rail lines and highways over a four-state area were blocked by huge snow drifts, leaving thousands of persons stranded. Twenty-nine passenger trains, carrying some 6,000 travelers, were stalled.

Conditions in Wyoming were reported to be the most critical since the first blizzard struck the state Jan. 2. Eleven Union Pacific passenger trains were stalled in the state. Ten others were snowbound in Utah; five in Nebraska, and three in Idaho.

Fresh Gales Moving

Fresh gales out of the Gulf of Alaska roared out of the Pacific northwest last night, hitting north central Idaho and moving into northern Utah and Wyoming. The strong winds, blowing the mountainous piles of snow over newly cleared highways and rail lines, were expected to extend into Nebraska and the Dakotas by tonight, the U.S. Weather bureau said. The area has been hit by severe wind storms since Sunday.

Ground transportation was virtually halted in several parts of the blizzard belt but most aerial operations continued. Food supplies were flown to stranded rail passengers at Green River, Rock Springs and Casper, Wyo. At Medicine Bow, Wyo., the storm was, so intense yesterday the National Guard was called in to help with snow operations — built for snow operations — were halted. The army and Red Cross placed Sinclair, Wyo., on the "critical" list.

As the new storms swept into

Mr. Rice presided at the meeting, attended by 40 business people.

The organization adopted as its name, "The Biglerville Business Club." The constitution, adopted unanimously, outlined the following purposes of the organization:

46-Year Record Set Wednesday At 61 Degrees

Wednesday set a 46-year record for February in Gettysburg weather station records with a high of 61 degrees in the afternoon. The high reading was a far cry from the four-above-zero weather being experienced here just a year ago.

Wednesday was the first time a reading of 60 degrees or above ever had been recorded here on February 9. The nearest approach to that was in 1938 when the mercury climbed to 55 degrees. Readings in the fifties have been taken here in only four other years on that date—1925, 1927, 1939 and 1940.

Weather headed back toward normalcy Wednesday night when a low of 33 degrees was taken and by mid-morning snow flakes were flying.

Wednesday's record in this state was set at 63.2 degrees in Philadelphia.

The two dropped from membership at their own requests were Paul Ecker and Chief of Police Robert C. Harpster. Victor Palmer was granted a leave of absence until November.

Philadelphia, Feb. 10 (P)—Grim-faced and silent, union, company and state negotiators filed into a hotel room shortly after noon today in a last-ditch effort to stave off a crippling strike of 11,000 Philadelphia Transportation company workers. Washington, Feb. 10 (P)—An invisible but potent radar may be erected around the United States to keep the country from becoming a "domestic Pearl Harbor" in any future war. Idaho, several families were reported isolated without food and fuel at Rockland. Trucks stalled on snow-blocked highways were believed to be carrying at least \$100,000 worth of perishable goods.

Colder weather hit Nebraska and northern plains states. But despite the sub-zero temperatures the Fifth army's blizzard operations continued. The army moved some additional snow fighting equipment to Wyoming and emergency rations will be flown to isolated persons "if necessary." At Omaha, Fifth army headquarters announced it had established a relief supply center at Cheyenne, Wyo.

The continuing storms brought forecasts of further losses to livestock by agriculture officials and stockmen. Hay stocks in many areas dwindled and the lack of feed and continued cold weather was expected to greatly increase the loss of animals.

Spring In East

In contrast to the storms in the west and sub-zero in the plains states, near spring-like weather prevailed over most of the eastern half of the country. Some eastern and southern cities reported a February "heat wave" as the mercury climbed to record marks for the date. It touched 69 at Baltimore, 77 at Mobile, Ala., 68 at Washington, 63 at Philadelphia and 59 at New York. In Florida, Jacksonville reported 84, the country's top mark.

who attended that meeting have been endeavoring to secure names of other wounded veterans for enrollment.

Mr. Smith is a wounded veteran of the Argonne in the World War I and is also a charter member of the Gettysburg Legion post which he also serves as a board official. He has full particulars on the Purple Heart organization which seeks to serve the wounded veteran, help preserve historic shrines and co-operate with other veteran organizations in worthwhile Americanization and community projects, Burkhardt said.

Mr. Burkhardt, who is also the adjutant of the Shippensburg chapter of the order of the Purple Heart, has been authorized by Pennsylvania Commander Tom Williams to institute a chapter here. Commander Williams issued this statement to the Gettysburg Purple Heart men this week:

"I have long been of the opinion that Gettysburg should take its place alongside Valley Forge and Philadelphia in Purple Heart activities as well as historic shrines. Gettysburg is centrally located in Pennsylvania and a chapter there is in a position to do much for the veterans it serves."

Ten charter members are sufficient to apply for a charter.

"The Purple Heart does not acquire large membership by virtue of its membership requirements, neither does it compete with other veteran groups," Mr. Burkhardt said. "We have a job of service to do and feel that our small organization enjoys the wholehearted support and friendship of other veteran groups."

Duke Gets His Tractor

Duke Thomas bought a farm with the money he'd saved in the Service, but he couldn't get a tractor. He needed it badly, but was tenth on the local dealer's list.

"Tell you what," old man Peters says. "If those nine fellows ahead of you agree, you'll get the next one I get in." "No, thanks," says Duke, "I'll just take my turn."

But old Peters mails out nine postcards. And the other day he tells Duke his tractor will be in next week. "I simply wrote the facts to the fellows ahead of you. They decided it."

Bullets Outclass Diplomats To Win Eleventh Victory 73-46

After being pressed throughout the first quarter by a scrappy Franklin and Marshall team, the Gettysburg college cagers bore down in the second period and romped away with an easy 73-46 victory here Wednesday evening.

The victory marked the 11th of the campaign for the Bullets in 15 starts.

Belber's long set shot opened the scoring after more than two minutes. O'Brien followed quickly with a set shot before Gallagher tallied on a layup for the visitors. The Bullets hiked their lead to 10-2 on a goal by O'Brien and pair of fouls each by Harris and Plechner. Zink looped a pair of free tosses. After six minutes Plechner injured his ankle slightly and Pure replaced him. Plechner returned to the lineup later. Hartman and Boehner exchanged goals. Gallagher converted two free tosses and Zink sank a pivot shot to make the score 13-10 at the quarter.

Bullets Take Command

Coach Bream's lads moved ahead 17-10 early in the second quarter but the Diplomats rallied to cut the lead to 21-16 near the middle of the stanza. From then on it was all Gettysburg as the Bullets reeled off 17 straight points before the Diplomats could score again. At half time the score was 40-19.

After the Bream-men assumed a 50-27 lead midway in the third period the visitors rallied mildly but the locals quickly regained their stride to lead 56-37 going into the final period.

Coach "Hen" Bream used his entire squad of reserves in finishing the game. The last period was highlighted by a scuffle between two opposing players which was quickly broken up by team-mates.

Harris again took the scoring honors with 16 points while O'Brien, Boehner and Pure were close behind with Belber setting up the plays. Gallagher and Captain Zink led the F. and M. assault.

Freshmen Win

Ken Fair, with 17 points, sparked the college freshmen to their sixth win in eight starts in the preliminary tilt which finally ended 67-45.

On Saturday the Bullets varsity journeys to Easton to play Lafayette while the freshmen play a return game at Hershey with Hershey Junior college.

Kirk New Diamond Coach At Dickinson

Carlisle, Pa., Feb. 10 (AP)—David C. Kirk is the new varsity baseball coach at Dickinson college.

Kirk, who has been assistant football coach and freshman basketball coach at Dickinson, succeeds Charles H. B. Kennedy, director of athletics.

The new coach will be assisted by Richard MacAndrews, baseball coach for over 30 years, who has been serving as advisory coach in recent years.

WOULD DROP HUNGARY

Washington, Feb. 10 (AP)—A Pennsylvania Congressman wants this nation to sever diplomatic relations with Hungary as a result of the "shameful and degrading action" of the government of Hungary in the trial of (Josef) Cardinal Mindszenty. Rep. Daniel J. Flood of Wilkes-Barre, a Democrat, said that "the resignation of Hungarian diplomatic officials in this country is evidence to the world that even they cannot stomach the disgraceful and bestial actions of their own government."

The first European country to give women full suffrage was Finland, in 1906.

GARDELLA SUIT TO BE FOUGHT IN HIGH COURT

By BEN PHILEGAR

New York, Feb. 10 (AP)—Organized baseball shook off its historical shyness toward legal action today and prepared to fight the latest attack against its contracts all the way to the Supreme Court.

The legal structure is challenged in a \$300,000 damage suit by Danny Gardella, a pint-sized outfielder now banned from baseball because he jumped from the New York Giants to the Mexican league in 1946.

A U. S. court of appeals ruled yesterday that the suit may be heard. Commissioner A. B. Chandler, one of the five defendants, said baseball attorneys are ready to go to the Supreme Court if necessary.

Decision Reversed

The next move is up to the defendants, who besides Chandler are the Giants, President Ford Frick of the National league, President Will Harridge of the American league and President George Trautman of the National association (Minors).

They have 20 days to answer yesterday's ruling. The case had been dismissed last July 14 by Federal District Judge Henry W. Goddard. The court split 2-1 in reversing Judge Goddard.

Gardella, known more for his off-the-field antics such as hanging from a 12th-floor window by his fingertips than for his baseball prowess, is under a five-year suspension from organized ball.

Monopoly Is Charged

In his suit he charged baseball with being a monopoly because of the reserve clause in every contract which binds a player to one club for life unless he is sold, traded or released. He also charged that federal anti-trust laws apply to baseball because large fees received by clubs for radio and television rights make baseball subject to interstate commerce regulations.

The appeal judges wrote three separate opinions. Only the one by Judge Jerome N. Frank touched directly upon the reserve clause. He said it "results in something resembling peonage of the baseball player. x x x the violator may perhaps become a judge, with a less exciting and often less remunerative occupation, or a bartender or a street sweeper, but his chances of ever playing baseball again are exceedingly slim."

The reserve clause is regarded as the foundation of baseball contracts. Without it players would be free to bargain with any club of their choice at the end of each season. Wealthy teams could outbid the poorer ones for the best available talent.

Shippensburg High Quintet Meets GHS Here On Friday

Strengthened by the return of Lee Lynch, center, to the squad, the Shippensburg high Greyhounds will come here to engage the Gettysburg high cagers Friday night with hopes high for springing a surprise.

Lynch, high scorer in the South Penn league a year ago, accounted for 13 points as he led his team to a surprise 52-28 triumph over Mechanicsburg Tuesday evening.

In their first meeting at Shippensburg during the first half the Maroons emerged victorious 52-40.

At the present the Forney-men are deadlocked with Hanover and Hershey for second place in the second half race. Chambersburg, still unbeaten in league competition this year, remains on the top of the pile.

Have Full Strength

Coach Forney will have his full strength for Friday's contest. Dohaldson showed the effects of his recent illness at Waynesboro but is expected to be in top form for the Greyhounds.

The remainder of the starting lineup will find Bushman and Westerdahl at forwards with Eisenhart and Sachs at guards. This combination has accounted for nine wins against six defeats to date this season.

Shippensburg is expected to start with the following outfit: Keefer and Alpaugh, forwards; Lynch, center; Angle and Bolton, guards.

The Maroon scrubs, with a record of six wins against eight reverses, will attempt to snap a two-game losing streak when they clash with the Shippensburg jayvees in the preliminary game at 6:45.

Other south Penn tilts listed for Friday include Waynesboro at Chambersburg, Carlisle at Hanover, and Hershey at Mechanicsburg.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Feb. 10 (AP)—Couple of

unanswered basketball queries from the mid-west: "Is it true that Detroit and Denver will be new tournament centers this spring?" and "What's the story about the NCAA promising the Chicago stadium one of its sectional playoffs next season?"

... This Dept. doesn't know the pitch, but the Detroit yarn is that a newspaper is trying to steam up an eight-team college tourney next month.

... And they say Denver, which lost the AAU championships is angling for the pro tournament that used to be held in Chicago. ... Also it could be that the Big Nine, whose champs have had to go to New York for the Eastern NCAA playoffs, want to get it in their own backyard. ... Brand new angle on the All-America buildup is "the Hunsinger Song," a ditty written by Birmingham's Zipp Newman and set to music by Earl Crumley. The subject, of course, is Florida's Charley Hunsinger.

San Antonio, Tex., Feb. 10 (AP) — The \$10,000 Texas Open moved into its first round today with two members of golf's current big three absent but the other — smiling Jimmy Demaret of Ojai, Calif. — favored to win the \$2,000 top money.

Lloyd Mangrum of Chicago, the leading money-winner, and Ben Hogan of Hershey, Pa., who captured two of the five tournaments played this year, were out of action, Mangrum because he chose to take a rest and Hogan because of injuries suffered in an automobile accident.

Pittsburgh, Feb. 10 (AP)—Bill Walsh, late of Notre Dame, had a big day yesterday. He signed a contract with the Pittsburgh Steelers of the National Football league. And he got married. Walsh was married in his native Philadelphia, N. J., to his high school sweetheart, Dorothy Wholt.

IT'S A RACQUET

Henry Frnka, Tulane's football coach, is responsible for the tale about his tipping-off tennis coach, Emmet Pare, to a fine prospect in Texas. ... "He's a straight student and wants to come to Tulane," Frnka explained. ... Pare, quite interested, noted the kid's name and address. Then a half hour later he returned with the puzzled query: "Henry, why are you so interested in this tennis player?" ... Frnka explained simply: "Because he happened to score 15 touchdowns while playing end for Amarillo high last year."

OBSERVATION POST

When Lehigh university renewed Bill Leckony's contract but refused to divulge the terms, one faculty member, defending the policy, argued: "Everybody wants to know the salary of a football coach, but nobody worries about the Latin professor." ... How about the students who claim they're the ones who ought to be paid for listening to the stuff the Prof dishes out?

Today's Talk

By GEORGE MATTHEW ADAMS
WHEN STARS SHINE

It is only upon the clearest nights, when there are no clouds in the sky, that the stars come out in all their glory and serenity. How soothing to the mind such a night—so clear and still! The very sight is medicine to the soul.

Every one of us was created and put into this world to be reasonably happy. Each one of us is given a personal key to our own selected end, or to our own destiny, as you may choose to state it. It is largely in our own hands as to whether we want to look into an unclouded sky, with the stars shining a welcome to us, or else to fill that sky with clouds, shutting all the stars from our view.

We can see little that is beautiful and inspiring in life, when we harbor bitterness, mean thoughts, and destructive ideas. If we harbor hatred, and go about our work with a sour looking face, with no smile or greeting for those with whom we come in contact, the atmosphere about us is one of clouds and darkness—and no stars will shine for us.

You see it's the clouds that shut out those shining stars, for though you may not see them, because of clouds, they are up there with all their magic glow just the same. You can't control Nature's clouds, but you can your own, by dismissing your sorrows, troubles, and petty irritations thereby getting that comforting feeling that the silent night gives to one in a full heaven of stars!

I never look into a night sky, that is studded with its billions of stars, without a feeling of reverence for the Creator of such a stupendous miracle. Never do I cease to be filled with wonder as my eyes look upward. I am inspired. I feel my littleness. I become humble. Then I think of the small world, comparatively, that is my abode—just a tiny speck in a universe of perhaps billions of other worlds of which man now knows nothing.

Merely looking into the stars, upon a perfect night, is enough to melt all our anxieties, inviting us to enjoy peace, and to radiate among our kind, all the joy, through faith, that we have received from the Creator of these stars.

Tomorrow Mr. Adams will talk on the subject: "Your Thoughts."

Just Folks

THE DAY'S TASKS
The countless tasks of day go on and on.
At dawn we wake to do them all again.
Yet those who find the strength for them have gone
And idle at the window must remain.
Watching the toilers braving snow and rain,
Aglow with health and vigorous everyone,
Seeking some goal their hearts are set upon,
Wonder if they of every loss complain?

What mattered little disappointments then
Or those small failures of their younger years?
Now 'twould be good to face them all again,
Knowing how soon grim worry disappears.
Those cares that fretted them so long ago,
Had they the strength, they would rejoice to know.

Box of Bones Found Near Here: Discovery of a box of human bones in a small stream near Charles Doversom's airport, along the Lincoln Highway, west of here, has brought state and county police face to face with an apparent mystery. While the authorities have no record of any unexplained disappearances in Adams county, they are conducting an investigation on the theory that the bones were placed in the stream by some one from a neighboring town or city.

The gruesome find, identified by Dr. Edgar A. Miller, Adams county coroner, as the bones of an adult, presumably a woman, included the feet and legs. The victim probably

SEE NEW CLASH WITH RUSSIANS OVER CARDINAL

By JOHN M. HIGHTOWER

Washington, Feb. 10 (AP)—American officials foresaw today a new clash between Russia and the western powers growing out of the treason trial and conviction of Cardinal Mindszenty in Communist Hungary.

Authorities predicted the clash will come when the United States and other western nations try to call Hungary to account for its actions against the cardinal. Whether the scene is the United Nations or otherwise, they expect Russia will immediately spring to the defense of its satellite state.

Such a course has been foreshadowed by the consistent support given the Hungarian regime by the radio and other propaganda agencies of Moscow.

Not Isolated Case
Furthermore, authorities here assert that the cardinal's conviction and life sentence, while highly dramatic because of his position as Roman Catholic primate of Hungary, is by no means to be treated as an isolated instance. They regard it rather as the latest outstanding example of a wave of oppression which has been sweeping over the Russian border countries in Europe for more than two years.

The House late yesterday adopted a resolution urging that the U. S. protest Hungary's treatment of Mindszenty, either through the United Nations or other "appropriate" means. There was no debate and passage was voted unanimously. The resolution awaits Senate action.

Secretary of State Acheson directly linked Russia with the Mindszenty case in a statement in which he laid the basis for action against Hungary. Later, in response to news conference question, he said that an appeal to the U. N. is under consideration.

Other Courses Possible
In his statement Acheson declared that "the Soviet-controlled Hungarian authorities seek to discredit and coerce religious leadership in Hungary in order to remove this source of moral resistance to Communism."

Acheson said that other proce-

died four or six months ago.

The box of bones was found by John C. Hamilton Sunday morning. The printing on the cardboard carton was still legible, indicating that the bones could not have been placed there long before.

TEACHERS' PAY ISSUE BOBS UP IN LEGISLATURE

Harrisburg, Feb. 10 (AP)—The perennial problem of school teachers' salaries bobbed up today in the 1949 Legislature, already plagued with controversies over the state's gasoline and other taxes.

Pennsylvania's organized teachers submitted an education program estimated to cost \$222,000,000 in the next two years or \$27,500,000 more than has been budgeted for schools by Gov. James H. Duff.

Sen. Frederick L. Homsher (R-Lancaster), chairman of the Senate education committee, immediately voiced opposition to at least part of the program.

"I am against any upward revision in mandated salaries," Homsher told a reporter. He pointed out that teachers will get \$22,000,000 more from the commonwealth in increased pay under existing legislation.

Clear Out GOP Victory
The Lancaster Republican made no comment on the teachers' request for broadened provisions of the state's teacher retirement laws, estimated to cost \$400,000 in the next two years and \$1,750,000 a year eventually.

With the General Assembly in recess until Monday, Republican leaders closed the books on the fifth week of the 1949 session with their first clear cut victory over the Democratic minority.

Despite bitter opposition, the GOP pushed through legislation to allow the state to bid on a \$3,500,000 war-built steel plant here as a possible office building and warehouse. Gov. James H. Duff signed the measure into law a few hours later.

To Debate Gas Tax
At the same time, the administration tax program, including the controversial bill to boost the gas levy to five cents, moved up for debate and a final vote next week. So far there has been no formal poll of sentiment on taxes by leaders of either party.

The House also approved unanimously a \$5,000,000 stop-gap appropriation to keep the Schuylkill river clean-up moving without delay and the Senate immediately started the measure through that body.

The school program of the Pennsylvania State Education Association was introduced in both the Senate and the House yesterday.

President David Stewart of the PSEA subsequently told reporters that it called for payment of \$27,500,000 more to local school districts than recommended by Governor Duff. He said the salary changes advocated by the teachers would cost an estimated \$22,000,000 over increases already provided by law.

Average Now \$2,450

The program called for a state-wide mandated minimum of \$2,400 for every school teacher, at the same time, teachers with standard certificates would receive eight annual increases of \$200 each to a maximum of \$4,000, those with college degrees, 10 increments to \$4,400 and those with master's degrees, 12 increments to \$4,800.

The present mandated salary scale ranges from \$1,950 to \$4,000 a year depending on training and the school district. The PSEA estimated that the state-wide average salary now paid is \$2,458.

In addition to the new mandated schedule, the program called for an immediate \$200 increase for every five years' experience to a maximum of \$600, but in no event would a teacher receive higher than the mandated maximum.

Would Boost Grants

At the same time, minimum state grants to school districts would be increased from \$800 to \$1,000 and the maximum from \$2,400 to \$2,600 in the 1948-49 school year. Maximum subsidies would be raised to \$4,000 a teaching unit in the 1949-50 school year and the \$4,500 in the 1950-51 school year in line with the change from assessed to market values of real estate in calculating state grants.

The teacher retirement measure proposed an annuity equal to half of the average salary for the last 10 years and would allow teachers to retire after 35 years' experience or at the age of 62 years. At present, teachers must serve 40 years to be eligible for pensions.

In addition, retired teachers would be guaranteed a minimum of \$109 a month until the proposed new retirement act becomes fully effective.

**Conshohocken Tries
Some New Taxes**

Conshohocken, Pa., Feb. 10 (AP)—Conshohocken town council has taken steps to levy two new taxes—a per capita tax of \$5, on each resident over 21 and a \$3 tax to be paid by employers for each employee.

At a meeting last night the council passed both levies on first and second readings and the final vote on adoption is scheduled for March 10.

Council President Ray Fiero said the new taxes—expected to yield \$25,000 annually—are needed to meet budget requirements.

Badly Fooled, Tojo Tried To Save Russian Spy From Noose

By TOM LAMBERT

Tokyo, Feb. 10 (AP)—Wartime Premier Hideki Tojo was so badly fooled by Russia's master spy in Japan that he at first tried to save him from the hangman, it was disclosed today.

The story came out after the U.S. army in Washington released a report on the Communist spy ring, which spun its web about Japanese, German, American and British sources.

The ring's major coups were a warning to Moscow in 1941 that Germany was about to attack Russia and that Japan would strike southward, instead of at Siberia.

Tojo Hoodwinked
Two Japanese now purged from office told how the master spy, Richard Sorge, a German Communist posing as a Nazi, hoodwinked Tojo. They are Mitsusaburo Tamazawa, former Tokyo procurator (district attorney) who persuaded Sorge to confess, and Taiso Ota, former official in the ministry of justice who handled documents in the case.

Sorge was arrested and his spy ring smashed just before Pearl Harbor. The former officials said that Tojo was surprised when notified of Sorge's arrest. After all Sorge was a press attache in the German embassy and was supposed to be a good Nazi.

Two Were Hanged
The two informants said Tojo quickly changed his mind when he was given proof that Sorge had been sending Japan's most closely-guarded secrets to the Kremlin.

Sorge and his top lieutenant, a Japanese traitor named Hozumi Ozaki, were hanged. Two others died in prison and 13 others drew prison sentences.

Ota said records found in Sorge's possession showed the spies, Japanese and German, sent their coded messages to the fourth section or the fourth headquarters of the Red army in Moscow.

Tamazawa said Sorge confessed the spies had obtained their funds first through deposits made in Japanese banks by the U.S. Communist party. One of the key Japanese spies, Yotoku Miyagi, was a member of the U.S. Communist party. He died in prison.

Finally Confessed
After Japan clamped on exchange controls shortly before the war, the funds came straight from the Russian embassy.

A Japanese coworker would get two tickets to a Tokyo theater. Seated on the other side would be a Russian embassy attache who would slip him funds wrapped in a newspaper, Tamazawa said.

Sorge maintained a bold front for one week after his arrest. He wouldn't talk, even when shown confessions made by other co-workers, he talked only when his appeal to

SOLON SEEKS TO CURB OBSOLETE LEGAL WORDAGE

By HAL BOYLE

New York, (AP)—The third most anonymous man in America is John Smith—any John Smith.

The only men more anonymous than him are those two classic buddies—John Doe and Richard Roe.

Remember your business school texts? "Pay to the order of John Doe, fifty dollars," signed Richard Roe. Or else it was "pay to the order of Richard Roe, one hundred dollars," signed John Doe.

So far as I have been able to find out, that is all these two philanthropists ever did—just write worthless checks back and forth to each other.

But John Smith—there's a man of a different fiber. Yes, any John Smith.

Always In Forefront
America owes much more, by and large, to its John Smiths than to its John Does and Richard Roes, who

the German ambassador failed to free him.

Sorge's confession rocked the Japanese government, Tamazawa and Ota related.

just exchange bills of lading, receipts, bank drafts and I. O. U.'s in the nation's schoolbooks.

For the John Smiths have fought the nation's battles. The John Smiths helped clear the wilderness, tame the land to the plow. And above all, the John Smiths have been in the forefront of every great reform movement in America.

This family tradition began at Jamestown in 1607 when the first sturdy John Smith told the gentleman adventurers of the first Virginia colony:

"Work or starve."

His ultimatum didn't succeed in making either work or starvation popular in this country. But it did prove that John Smith wasn't afraid to try to do the right thing.

And the family has been like that ever since. The Smiths have been in there pitching every minute, attempting to set the world straight.

Another Tilt Lance
Now another John Smith is in the field, tilting his lance at one of mankind's oldest woes.

This member of the clan is John L. Smith, a state representative in the Ohio legislature. What is this John Smith's target for today, tomorrow and forever? His target is the obsolete legal language in which the people's laws are written.

Smith has announced he will introduce a resolution asking that bills be written "in precise, everyday English so as to be easily understood." He says the way bills are written now they stump experts. He

"Blue Dragons" Are Held In Heavy Bail

Philadelphia, Feb. 10 (AP)—Four 17-year-old youths, members of the police-styled "Blue Dragon gang," were held for court yesterday charged with taking part in a series of holdups, burglaries and car

thefts. Three were held in \$10,000 bail.

Detectives told Judge Nochem S. Winnet in Municipal court that Pennsylvania and New Jersey State police plan to lodge detainees against several of the group for robberies in Conwell heights and Danville, Pa., and Pleasantville, N. J.

NEW CAFETERIA

(Continued from Page 1)

served during the month against a parent of Mt. Joy township by Truant Officer Leon H. Gage. Substitute teachers served a total of seven days during the month for six teachers in the system who were absent on account of illness.

Treasurer James R. Strevig listed expenditures for January as follows: General control, \$2.40; Instruction, \$9,159.65; Auxiliary Agencies, \$1,404.72; Coordinate Agencies, \$235.50; Operation of Plant, \$442.13; Maintenance of Plant, \$385.43; Fixed charges, \$144.00; and Capital outlay, \$6,630.30.

Adopt Athletic Policy
The board authorized the payment of bills totalling \$15,629.77 of which \$8,992.46 represented teachers' salaries and \$5,037.30 payment on the new building addition.

The board went on record as unanimously opposed to athletic schedules in which boys' and girls' activities occur on different nights and will not approve a schedule of this kind of program during the 1949-1950 school term.

Authorization was given the property and supplies committee to purchase up to 15 tons of bituminous

coal for the high school and this same committee was also authorized to arrange the grading of the school grounds adjoining the new building project.

Nurse Gives Report

Permission was granted to the Children's Bible society to distribute New Testaments in grades 3, 4 and 5.

School Nurse Brenda Walker presented her report to the board through Mr. King. Two cases of contagious diseases were reported for the month, one in Union township and one in Littlestown borough. Attendance is still low because of measles and chicken pox and quite a number of students absent because of colds. The board approved the report of the school nurse as well as her request to arrange for the pre-school clinics in all schools of the jointure.

H. Allen Walker, president, presided over the meeting. In attendance, in addition to Mr. Walker, were Willis Waybright, George Worley, James Strevig, Clayton Hargett, Luther Hess, Lloyd E. Crouse and Luther W. Ritter of the board and Supervising principal, Paul E. King and Henry E. Waltman, secretary.

Army Says Red

(Continued from Page 1)

rushing them across a continent to beat back the Nazi onslaught on Moscow.

Betrayed By Red

That assurance was the prime target of the spy ring. And it got it just three days before the Japanese smashed the network in 1941, just before Pearl Harbor.

Strangely, a man who is one of the top Communists in Japan today unwittingly betrayed the ring.

Sorge and Ozaki were hanged. The report says they were spies in China before shifting to Tokyo. It says Miss Smedley brought them together in Shanghai in 1930.

It says she "is a spy and agent of the Soviet government." In New York, Miss Smedley said this is a "despicable lie." She said, "I am not and never have been a Soviet spy or an agent for any country."

Threatens To Sue

She said she would sue General MacArthur if she could find legal grounds for doing so.

Her attorney demanded a retraction and apology in a letter to Secretary of the Army Royall.

While there are no details to build up a spy scare now in Washington or other capitals, the MacArthur report says right at the start:

"Probably never in history has there been a ring more bold or more successful. Although most of the principals are dead, some are still at large. They can be expected to be secretly busy with their trade at this very moment in the capitals of the world."

It says Missouri-born Miss Smedley still is "at large" and so is Guenther Stein, a German. Each has written extensively on China.

Stein, the report says, "is a man about whom too little is known." It lists him as a "top-level member" of the Tokyo ring from 1936 to 1938.

Now living in New York, Stein's only comment was: "Ridiculous." He is not a naturalized American.

Cite Radio Expert

The only other living person described as one of the higher-ups in the ring is Max Klausen, radio expert. The report leaves open the possibility that he is in Russia or in "some other country" where "his skill and experience in secret telegraphy will be useful to the Soviets."

So the army leaves unanswered the question of what ring leaders may be working today in what world capitals.

But the un-American activities committee expects to toss questions about that at army and navy intelligence chiefs. They have been asked to sit in on a committee meeting tomorrow.

Committee members are interested, too, in any more information the army might have about Miss Smedley.

Reds Feared Betrayal

Tokyo dispatches gave additional

evidence today of just how well the Sorge ring operated. Two former officials who helped handle the spy case said the wartime premier, Hideki Tojo, was so certain Sorge was a loyal Nazi he tried to get him turned loose.

But Tojo changed his mind when he saw some proof.

And German sources still in Japan said Sorge operated so secretly that the Soviet embassy for a time feared he might have been spying on it.

Two Sentenced To Be Hanged For Assassination Of Gandhi Year Ago In India

FIVE OTHERS ARE CONDEMNED TO PRISON FOR LIFE

By MARC PURDUE
New Delhi, Feb. 10 (P)—Narayan Godse and Narayan Apte, editor and publisher of a small Poona newspaper, today were sentenced to die on the gallows for the assassination of Mohandas K. Gandhi.
Five of the eight defendants were given life sentences. The aged politician, V. D. Savarkar, who had been described by the prosecution as the brains of the plot against Gandhi's life, was acquitted.
D. R. Bage, a ninth man arrested in the plot, turned state's evidence and was released at the end of the proceedings.

Gay Upon Arrival
The sentences for the slaying of the 78-year-old Hindu spiritual and political leader on January 30, 1948, were pronounced in the heavily guarded courtroom of Delhi's old red fort by Special Judge Atma Charan at the conclusion of an eight-month trial.

The defendants came into the crowded courtroom laughing and joking. When led from the room after the sentences were pronounced they began shouting, with Godse's voice sounding above the others, "We will conquer Pakistan. Long live Hindustan." Then they broke into loud laughter.

Sentenced to life imprisonment were:
Vishnu Karkare, hotel keeper at Ahmednagar.

Madan Lal, Punjab refugee who admitted setting off a bomb at Gandhi's prayer meeting 10 days before the assassination.

Dattatraya Parchure
Gopal Godse, brother of the chief defendant.

Kistayya Shankar, a servant. The judge recommended, however, that Shankar's sentence be commuted to seven years hard labor.

Traditional Foes
Godse, who was seized on the prayer grounds of Birla mansion here the moment of the assassination with a smoking pistol in his hands, was found guilty of five subsidiary charges besides the actual killing of Gandhi.

Standing erect in a green sweater and brown scarf, Godse smiled as the judge listed the charges on which he was convicted, including illegal possession of firearms and explosives.

All the defendants except Shanker and Lal were members of the militant Hindu Mahasabha party and of the martial Maharashtra race which has been a traditional foe of Moslems for the last 400 years.

Asked No Mercy
During his trial Godse confessed he killed Gandhi "purely for the benefit of humanity" and asked for death.

"I do not desire any mercy be shown me," he said in a long statement.

He said he "respected Gandhi's saintliness" but disagreed with his policies of love and tolerance for

Couple Observes 78th Anniversary

Humphreys, Mo., Feb. 10 (P)—A couple of childhood sweethearts observed their 78th wedding anniversary Wednesday.

Mr. and Mrs. T. D. Cutsinger believe their 78 years of married life is a record in the United States. He is 96. She is 94.

She added that she and "pap have argued" but "we never fight."

Mrs. Cutsinger had no advice for other couples on marriage.

"Let them learn the way I did," she said.

SEEK NUMBER OF U.S. BOMBS

Lake Success, Feb. 10 (P)—Russia has demanded that the United States tell the United Nations by March 31 how many atomic bombs the U.S. has.

The Soviet Union in a 900-word resolution put before the U.N. Security Council also lashed at the proposed North Atlantic pact.

Warren R. Austin, U.S. delegate, called the Soviet resolution a "succotash" on the arms limitation situa-

tion. He said it was made up of all the "beans and different constituents" which Russia has put up to the U.N. on the arms and atomic questions since the U.N. was formed.

The Security Council president, Dr. T. F. Tsiang of China, adjourned Tuesday's meeting to today at 3 p. m. The Soviet resolution will be printed and prepared for discussion at that time.

Jakob A. Malik, Soviet deputy foreign minister, introduced two projects put up by Russia at the Paris General Assembly and defeated by large majorities there.

One was a demand for a one-third cut in the armaments of the five great powers — China, France,

The man, Walter Kitbaro, 34, was arrested on a burglary charge. He told Detectives Edward Hinnegan and Hugh Boyle as they clung to his legs: "Okay, you don't have to do that. I'm coming in."

Kitbaro, wanted in New York city on charges of holding up an apartment house manager in December, 1947, was held without bail for a

further hearing.

"I know the jig's up," Kitbaro told Magistrate John Morlock. "I'm willing to go back and get it over with."

SPY RING STORY
RAISES QUESTION
OF ESPIONAGE IN
UNITED STATES

By JAMES MARLOW
Washington, Feb. 10 (AP) — Today the papers are full of the story of the Soviet spy ring which worked with vast success in Japan.
Compared with this, the Soviet spy ring smashed in Canada and the alleged Soviet spy ring here look like peanut politics.
It is the most startling spy story of our times, and perhaps of any time.
The Japanese finally discovered the ring and crushed it during the war. And now the American army in Japan has just released the story.

Leaders Are Dead
It revolves around two men, the leaders of the ring, and both Communists: Richard Sorge, a German, and Ozaki Hozuma, a Japanese. Both were newspapermen. And both were hanged by the Japanese.
Sorge, posing as a Nazi, was an adviser to the German ambassador in Tokyo. He couldn't have been much closer to secrets.
And Ozaki Hozumi, posing as a loyal Japanese, was an advisor to the Japanese cabinet. That, too, was the best place for secrets.
Both men were helped by a ring of Japanese Communists or Communist-sympathizers, gathering information about Japan for the use and benefit of Soviet Russia. But why did they work against their homeland?
A Familiar Story
It's getting to be a familiar story. These Japanese Communists gave pretty much the same reasons as the Canadian Communists when they were caught.
The driving reason in both spy cases, as the army report from Tokyo points out, was a "fanatical faith in the perfection of life and intention in the Soviet Unions."
The Japanese, like the Canadians, weren't working for money. They worked for something they believed in: Communism. And they believed whatever was good for Soviet Russia

was good for what they hoped for: world Communism.
But when you read through the whole Canadian spy case evidence and the 32,000-word army report on the Japanese spy case, one thing stands out: The tremendous time and effort the Russian Communists put into both spy rings; the thoroughness; the amazing attention to the very small details.
What Operations In U.S.?
And that, of course, brings up the big question:
If Russia went to all this trouble to have spy rings working in Canada and Japan, what kind of spy ring did it — or does it — have operating in this country?
In spite of all the publicity the House Un-American Activities committee got, and the federal grand jury investigation in New York, the U.S. government still hasn't proved in court there has been any spying here.
Yet, it seems absurd to think the Russians would fail to set up a ring

NYC LAYING OFF
8,100 WORKERS

New York, Feb. 10 (AP) — The New York Central railroad is laying off for indefinite periods some 8,100 car and locomotive repair workers and maintenance of way employees.
A railroad spokesman said the action was necessary because the line's business was down about 10 per cent compared with a year ago. He said they would be recalled "as fast as business permits."
"Our business necessarily hinges on the level of business in the nation as a whole," the spokesman noted.
Approximately 90 per cent of the 5,726 employees of car repair shops at West Albany and East Buffalo, here, either before the war, during it, or now.

N. Y., Avis, Pa., and Beech Grove, Ind., and of six locomotive shops will be furloughed Friday. The locomotive repair shops are those at West Albany; Collinwood, O.; Beech Grove, Jackson, Mich.; Urbana, Ill., and Elkhart, Ind.
Stated for layoffs Saturday are some 1,300 maintenance employees of the railroad's lines east of Buffalo, including the Boston & Albany, and 1,700 workers on lines west, including Big Four and Michigan Central.
The Central spokesman said that with the decline of business the system has an oversupply of cars

INTRODUCE NEW BILLS IN HOUSE

Harrisburg, Feb. 10 (AP)—A bill directed at cranks and practical jokers who give false news accounts to newspapers was introduced in the House late Tuesday.

The measure would put more teeth into a 1947 law against submitting libelous statements to newspapers or magazines. It would also penalize persons who maliciously furnish false statements not necessarily libelous.

Penalties would extend to photographs as well as statements. Protection would be broadened to cover radio and television stations.

Conviction would carry a maximum penalty of a \$1,000 fine and a year in jail, doubling the present fine of \$500.

The Pennsylvania Newspaper Publishers association is supporting the bill which was introduced by Rep. Edwin Tompkins (R.-Cameron).

Other new House bills would: Make loitering or maliciously prowling at night a crime subject to a maximum penalty of up to a \$1,000 fine and one year in jail—Edwin Tompkins (R.-Cameron); increase the minimum size of trout which may be caught in Pennsylvania streams from six to seven inches—James A. Post (D.-Westmoreland) and Andrew Kondrath (D.-Berks); include hotels and clubs in the state liquor license quota of one for each 1,000 population of a community—George D. Stuart (R.-Allegheny).

Increase the annual license for breweries from \$1,000 a year to \$1,000 for the first 100,000 barrels produced and five cents for each additional barrel—Russell R. Reese (D.-Washington); allow borough councils to act as reviewing boards for property assessments with power to change them without any action by the county commissioners—George D. Stuart (R.-Allegheny);

"I'M GOING ON A DIET"

★ Perhaps overeating is the most common dietary indiscretion. The natural result of overeating is obesity. It has been said that we in America eat ourselves into a premature grave. The pendulum then frequently swings back to the other extreme. We go on a diet. Many self-imposed reducing diets wouldn't keep a bird alive, and often serious vitamin, mineral, and protein deficiencies result.

In recent years great strides have been made in our knowledge of nutrition. For the maintenance of optimal health one must be assured that proper balance of various foods is maintained. For dietary advice of any kind see your physician. You can then be certain that all bodily needs are being adequately met. Bring your prescriptions to us.

Boy Scouts Plant Trees, Collect Food, Paper, Clothing, Books; Make 'Annual Report' To Nation

Washington, Feb. 10 (AP)—The Boy Scouts of America, 2,200,000 strong, celebrated the 39th birthday of their organization Wednesday by making their annual report to the nation.

The report was made at a breakfast attended by Attorney General Tom Clark (Eagle Scout Clark is the way he proudly identified himself), Senators, Representatives and assorted government bigwigs.

It turns out the Scouts have been eager beavers all right.

Twelve scouts were here, from all over the country—from Daniel Boone Abbott of Newtonville, Mass., to James Gill of Berkeley, Calif.

They explained what the scouts have been up to, which is plenty.

During the year, for instance, Scouts collected 500,000 pounds of food for the Friendship Train, gathered up 781,000,000 pounds of paper, collected 1,905,000 pounds of clothing.

They planted 1,137,000 trees and distributed 5,000,000 pieces of literature. This included everything from posters advertising Navy Day, to pamphlets for jaywalkers in Niagara Falls, N. Y.

Eagle Scout James Roswurm, of Huron, Ohio, explained the Niagara Falls program.

"It was to help jaywalkers avoid that rundown feeling," he said. "The Scouts passed out warnings which read:

"Gosh, you're lucky! 140 jaywalkers have been injured this year in Niagara Falls. Help save a life, it may be your own."

Scouts grew gardens, painted 336 air identification markers, collected 125,000 books for the armed forces and for libraries overseas, put 129,069 into community chest drives, started a "junior Marshall plan" to help unfortunate families abroad.

Samples of Scout Work

In White Plains, N. Y., Scouts sprayed public places, to destroy poison ivy.

In Fort Wayne, Ind., 430 Scouts helped in the March of Dimes.

In Champaign, Ill., Scouts busied themselves in a rat-killing drive.

In Iron Mountain, Mich., during a community campaign, Scouts got a concrete mixer, poured in batter. Put on a griddle six feet wide by eight feet long, the batter turned into 2,700 pancakes.

The Scouts will drop in to see President Truman today. They'll tell him they're making great plans for the year ahead. Their slogan: "Strengthen the arm of liberty."

Bonneauville

Bonneauville—The N.C.C.W. held its regular monthly meeting Monday evening in St. Joseph's hall. Mrs. Evelyn Chrismier, the president, presided.

Only routine business was discussed. After adjournment refreshments were served and bingo was played. Thirty-three members attended.

Maurice and Terrence Golden of Cagenovia, New York, visited their aunts, the Misses Mary Theresa and Anna Golden on Sunday.

Mr. and Mrs. Bernard Gebhart and family and Mr. and Mrs. Ziegler of York visited Mr. and Mrs. Thomas Gebhart Sunday.

The Youth club of St. Joseph's parish will sponsor a private skating party at Basehoar's skating rink in Littlestown Thursday evening.
